NEW HOLLAND CREATIONS.

We have imported three of the new varieties and now have the increase for sale, in four sizes.

PFITZER'S TRIUMPH, bright salmon orange, with flowers of enormous size Large size \$10.00, medium \$7.50, small \$5.00.

HEAVENLY BLUE, of a tender lilac heliotrope blue color, a most wonderful flower. \$15.00 for large and \$8.00 for medium size.

MRS. VAN KONYNENBURG, a light blue, said to be the very best of its color. In four sizes, priced at \$8.00, \$7.00, \$6.00 and \$5.00.

Lewiston Orchards, where our bulbs are grown, has an altitude of 1500 feet. It is farther north than the northernmost point in Maine. This makes for hardy bulbs, and they will bloom profusely any place where there are 90 consecutive nights without freezing temperatures. In warm sections, by actual tests, these bulbs are exceptionally quick to come into bloom and make flowers of large size and brilliancy.

We have been growing flowers in Lewiston for 20 years, and at times have fifty thousand or more blossoms to greet the eye.

On all orders of \$5.00, where cash accompanies the order, customer may select bulbs to the amount of \$1.00 extra. That is, \$6.00 worth for each \$5.00 cash. And \$1.00 worth extra for each additional \$5.00 of order.

As to our reliability, by special permission we refer you to the Lewiston National Bank. Also to Dunn's and Bradstreet's.

Cash must accompany all orders under \$2.00. Over this amount 25 per cent of the amount must accompany the order. The balance to be paid before shipment is made. Bulbs may be shipped at any time the customer wishes. But we will not hold orders after April 1 unless fully paid in advance.

With all orders we send free the American Gladiolus Association instructions for planting, growing, care of, harvesting and storing of bulbs. Also the cutting and care of the bloom spikes.

No order for bulbs will be accepted for less than \$1.00, and none of the special assortments will be divided or mixed.

All bulbs or plants listed in this catalog are prepaid to any point in the United States.

On amounts less than \$1.00, two cent U. S. stamps will be accepted. Over this amount please remit by draft or money order.

We can supply about 50 varieties of Chrysanthemums, three distinct strains of Delphiniums, besides dozens of other perennial plants and shrubs. These are grown for our own pleasure and only the increases sold.

TIGER LILY (*Tigrinum Splendens*)—Very hardy lily, orange, spotted purple. The most gorgeous and satisfactory of all the hardy lilies. Each with any \$1 order, 25c. Five for \$1.

OUR SPECIAL ASSORTMENT.

This year we have made up three lots of Glads which we want to especially recommend. Every bulb in these collections is of a good variety. Many of them of the higher priced bulbs listed in this catalog, which for some reason have become mixed, the label lost or some other like cause makes them unavailable for the retail trade.

LOT 1. In this lot there are 50 bulbs, all blooming size, of assorted colors, priced at \$1.00.

LOT 2. This also contains 50 bulbs of blooming size, taken from our regular retail bins, not more than two alike, \$1.50.

LOT 3. This lot contains 50 bulbs of blooming size, of assorted varieties, each variety tagged and wrapped separately, \$2.00

All orders or inquiries should be addressed to
